The story begins at the turn of the century in a time where WWI is finally over and WWII is building up steam. The nations of Europe have been rebuilding and are building a strong and brave world order. A new dawn is coming, and this is for good. However, as the bookish books will tell you, peace does not last for long. Since the world wars, the communist Soviet Union and Germany have formed an alliance that seeks to take over all of Europe. The World War, still raging on, forces the nations of the world to unite to stop the evil alliance. In Attrition, you play as a European nation. Your job is to build a large military that will allow you to destroy the alliance and stop the world war once and for all.

Attrition: Tactical Fronts features: Multiplayer online ranked or unranked (unranked is hard!) Pick from 11 different nations (and a ghost character) 8 unique game modes 5 different types of strategic and tactical combat Automatic save and load Advanced turn-based combat system Frontline features: Localization support Cartographer for a well-balanced map Real-time audio for spectacular audio-visual storytelling Build up your nation The Attrition universe is depicted in 4 different game modes:

Campaign mode Pick from a total of 11 different playable nations and play through 8 unique game modes: Assault Defend: a scenario where you start with a small number of units and have to successfully defend your base against an onslaught. Blitz: a scenario where the battle is over in an insta-win scenario. Assault: a scenario where you start with a large number of units and you win if your bases are not destroyed or taken. Control: where you start with a neutral faction (a ghost character) and must win by destroying their forces. Endless mode: where you can play indefinitely in the same battle Conquest Defend: start with an assortment of units and have to defend your base for as long as possible against an onslaught of enemy attacks. Hero: a scenario where you pick a hero from one of the playable nations and get to lead your army into battle. You are rewarded for your

achievements during the game. Manhunt: you start with a small number of units and have to defend your base against the assaults

What's new in Funball Games VR:

. Screenshots, Concept Art, Artwork (Remastered) High-Resolution Original Stills and Behind the Scenes Images are added for each part. Screenshots and concept art are featuring in the chronological order of their date. We hope you will like it. We would like to introduce our new series of Reimagined character images called 'Reimagined Artwork' in which we take

the original concept art and screen shots from popular movies and...well, reimagine them. This series show classic concept art and screen captures of classic characters as new take on the characters with the new actors and costumes. The process is not simple and some time it requires a lot of reference images and further changes to make the characters looks live on screen. The following are some examples of Reimagined images from our profile previews. R.O.O.T.S. is born anew! R.O.O.T.S. is a 5-part Spanish sci-fi action / horror TV series which is going to premiere in SEPTEMBER 2018. The first trailer for R.O.O.T.S. was revealed last week and a lot of fans were interested to know the plot of R.O.O.T.S. As the production guys did a good job in hiding the details of the story, I decided to try a bit of my hand in steering the speculation of the fans with this thread. But first things first, a teaser trailer is now available on Youtube and if you have missed the earlier 5 part preview on the story of R.O.O.T.S. right here. The story of R.O.O.T.S. that we see in the trailer is quite different from what I always heard about in R.O.O.T.S. reference threads on our profile. As mentioned earlier, it's a full scale Sci-fi action TV series. If you think it's similar to the non-Sci-fi version of R.O.O.T.S., you will be disappointed. Yes, the concept can be quite similar. But it's the Director and the script writers who have taken matters seriously and I dare say I don't need to define and describe the story further as you will be reading it all on the screen sooner than you expect. Now there is a spoiler scene in this trailer which indicates some kind of new villain. More about it later. I believe
